

SUMMARY

Motivated MCA student and Python stack developer with hands-on experience in building full-stack web applications using Python, Django. Currently working as a Web Development Intern at Brainybeam Technology. Strong understanding of REST APIs, authentication systems, and modern web development practices. Seeking an entry-level software developer role to apply and enhance technical skills.

SKILLS

Languages: JavaScript, Java
Frontend: HTML, CSS, React.js, Python
Backend: Node.js, Express.js,
Database: MongoDB, Django
Tools: Git, GitHub, Postman
Concepts: REST APIs, JWT Authentication, CRUD Operations

EXPERIENCE

Web Development Intern | BrainyBeam Technology
Dec 2025 – Present | Gujarat

- Developed and maintained web applications using React.js, Node.js, and MongoDB
- Built and integrated RESTful APIs for frontend-backend communication
- Implemented authentication systems using JWT and secure password hashing
- Collaborated with team using Git version control

Python Development Intern

PROJECTS

BabyCare Management System

- Developed a full-stack application with python, Django.
- Implemented role-based authentication (Admin, User) using JWT
- Built REST APIs for creating facility for babycare
- Designed responsive UI for listing and user interaction

Traffic Intelligence – ML-Based Traffic Volume Prediction

- Developed a machine learning model using Python and CSV datasets
- Applied data processing and algorithms to improve prediction accuracy
- Performed model training, testing, and evaluation

EDUCATION

Master of Computer Applications (MCA)
A.M. Patel Institute of Computer Studies, Ganpat University
Expected: May 2026

Bachelor of Computer Applications (BCA)
Shri Sarvajani BCA & PGDCA College, Mehsana
Completed: April 2024 | CGPA: 8.86

CERTIFICATIONS

- Website Designing: How to Create Your Own Website (2023)
- Experiential Learning Program – AMPICS (Mar 2025)
